

NEXTGEN 2025

Next Generation High Efficiency Photovoltaics International School and Workshop 2025. International School and Workshop.
Palma, Mallorca - Balearic Islands (Spain)
September 9th - 12th, 2025

Guidelines for Poster Presentations

Dimensions

- Maximum size: **A0 (84 cm wide × 118 cm high, portrait orientation)**.
- Posters must fit within the assigned display panels. Please do not exceed these dimensions.

Content and Structure

- **Title:** concise, clear, and identical to the accepted abstract.
- **Authors and affiliations:** list all authors as in the abstract, including institutions, city and country.
- Recommended sections:
 - Introduction / Objectives
 - Methods
 - Results (figures and tables encouraged)
 - Conclusions

Layout and Style

- Use a **logical reading** order (left to right, top to bottom).
- Allocate at least **50% of the poster area to figures, tables and graphics**.
- Avoid long text blocks – use bullet points and concise sentences.
- Ensure adequate spacing between sections for clarity.

Fonts

- Title: **≥36 pt**, bold, legible from 1.5–2 m away.
- Section headings: **≥30 pt**, bold.
- Body text: **≥20 pt**.
- Use simple fonts (Arial, Helvetica). Avoid all caps or decorative fonts.

Colours and Graphics

- Choose colours with good contrast (dark text on light background recommended).
- Keep a consistent style for all figures and tables.
- Avoid overly bright colours or excessive use of 3D graphics.

Practical Information

- The poster session will take place on 10 September 2025.
- The poster area will be available from the morning. Participants will be able to set up their posters between 09:30 and 15:30 on the same day.
- Poster authors are encouraged to be present during the poster session to discuss their work with participants.
